Welton Cemetery Meeting
July 11, 2012

Ms. Kimpton called the meeting to order at 4:00 PM.

Roll Call: Marcianne Kimpton-present, Newell Beaumier-present, Charles Boehnlein-present

Visitors: Dianne Lillibridge, Chris Paquette, Elmar & Patricia Bollinger

Visitors Report:
Mr. Bollinger attended the meeting due to the Cemetery Board cutting down his Alberta Spruce trees because they were overgrown. Mr. Bollinger said he would like to plant two more Alberta Spruce Trees. He informed someone from Lillibridge Landscaping several years ago that there was quite a bit of dirt missing from the back of the foundation and was told the Village would take care of this. Ms. Dahlhausen said we were never informed and that the street department will address the issue.
Mr. Beaumier explained to the Bollinger's that we have serious issues with stones and foundations, mostly from tree and root systems and that this could be the case with the settling dirt behind the foundation. He added that we have spent $20,000 to correct foundation issues in the old section and that we are trying to prevent damage where we can by removing overgrown trees. After much discussion, the Board informed Mr. Bollinger that they wouldn't permit planting of trees due to the size and root systems but would permit a shallow rooted small shrub. The Bollinger's will report back to the Board with some shrubs that they find. In the meantime the Street Department will remove the stumps.

Clerks Report:
Mr. Beaumier moved to approve the June 20, 2012 meeting minutes and Mr. Boehnlein seconded. By voice vote, all Board members agreed.

Old Business:
Ms. Dahlhausen stated the Saylor foundation that was installed by a private individual isn't the required depth. A letter will be sent to the family and they will have to pay for a new foundation.

New Business:
Nothing to report.

Mr. Beaumier made a motion to adjourn and Mr. Boehnlein seconded. The Welton Cemetery meeting adjourned at 4:35 PM.
