Applicant's name: _____

Applicant's Address: _____

Telephone: _____

Location of work: _____

Person/Company completing work: _____

Telephone: _____

Certified Arborist? _____

Type of work to be completed: _____

Reason: _____

The above work shall be made in compliance with Chapter 913 of the Village of Burton Codified Ordinances which states, in part that:

913.11(c) Certification by the International Society of Arboriculture (is necessary) for anyone engaged in pruning, cabling or other maintenance.

Also of particular note is:

913.10 ADJACENT LANDOWNER RESPONSIBILITY.

No person shall plant, remove, cut above or below ground, or disturb any plant in the Village right of way or on municipal property without first filing a Tree Work permit with the Tree Commission. All work shall be performed in accordance with current International Society of Arboriculture Best Management Practices and ANSI Z-133 Tree Care Standards. Permits expire six months from date of approval. A new permit needs to be filed for any additional work performed within that time period which was not specified on the original permit.
